

QXL™ Compact Filament

Compact Filament Halogen Lamps

The Ushio QXL™ (Quick eXchange Lamp) Halogen lamp was designed in conjunction with ETC's new Source Four™ Revolution™ automated spotlight. The QXL utilizes the proven performance characteristics of the 750 watt HPL with increased lumen output.

The patented QXL base is revolutionary in that it allows the user to quickly change the lamp without opening the fixture. This feature eliminates any issues with lamp alignment and optical settings.

Because overheating is a common adversary with Halogen lamps, Ushio has developed new Heat-Shield™ technology that prevents seal failure due to high thermal radiation generated from the Halogen capsule. This ensures that 300 rated life hours will be achieved.

FEATURES & BENEFITS

- High Output of 22,950 Lumens
- Proven Compact Four Filament Design
- Unique "Quick eXchange" Lamp Base

ETC Source Four™ Revolution™

Source Four™, Revolution™ & QXL™ are trademarks of Electronic Theatre Controls, Inc.

Licensed under U.S. Patent #RE36316 claims 9-12 and 16-17 only; Canadian Patent #2,103,358; European Patent #592589 & #969496. All other patents pending.
